About The Project:

The Emerson Avenue Corridor Gateway Project is a collaborative, grassroots effort of neighborhoods, businesses and schools both east and west of Emerson Avenue along the project length –from I-70 to south of the Irvington Streetscape at Washington Street and on to the proposed Pennsy Trail.

The project is an exciting opportunity to improve Emerson Avenue and create a sense of entry to eastside Indianapolis neighborhoods.

It builds on, and provides a foundation for, many initiatives on the eastside. It adds to the momentum for making our eastside community a great place to live and work.
